FYI. These are the protesters that have been out front of Green Square for the past week or so. They are calling on DEQ to reject the 401 permit for the pipeline.

**Subject:** Protest and Press Conference In Front of Green Square

Good Morning,

I have received documentation and information from State Capitol Police regarding protest and press conference in front of our building. There is a press conference scheduled for tomorrow 9/13/17 from noon to 1:30 pm and the protests to continue thru 9/19/17. The details of the permit along with permit seekers information and purpose of the picket can be viewed in the Protest permit document in lines 1 and 2.

SCP will be on sight to assist. According to my understanding, state property is excluded. SCP will keep the exit and entrance doors clear for our regular business operations.

Please let me know if there is anything that need to be done at our end.

Thanks,
